

# Educational Resources and Initiatives

The Education Office of the Institut français du Royaume-Uni promotes and supports the teaching and learning of French in the UK through various initiatives and resources for schools and teachers.

## For Schools

### French Days

Bring your class to the Institut français in London for a full or half day of French immersion. Choose from a wide range of films to watch and activities led by our native teachers and librarians. Workshops can also be carried out online.

### French Pop Video Competition

With your primary or secondary class, take part in a pop music video competition in French to create lasting memories and encourage the learning of the language.

### Joutes oratoires lycéennes

Engage with your sixth formers in a UK-wide debating competition in French to make them more confident and help them prepare for the end of the year speaking exams.

### French Box

Receive children's books for free at your school for a period of 6 to 10 weeks to promote the love of the language at all ages through reading.

### Label FrancEducation

Get an official accreditation from the French Ministry of Foreign Affairs for your French bilingual programme and get a support exclusive to accredited schools.

### DELFL and DALF

Boost your students chances with a French diploma to value their level of proficiency and make them stand out.

## Teaching Resources

Browse our French resource page listing free teaching materials accessible to primary and secondary teachers of French.
